Estimate of Charges

Patient or prospective patients may request from this facility and other health care providers an estimate of charges prior to receiving services. We must respond to you within seven days of your request.

Our estimate will be based upon the procedure your physician tells us that he or she plans to perform and the insurance information that you provide to us. We normally will contact your insurer to learn of your eligibility for the procedure and will then base our estimate upon what the insurer tells us about the payment they will make for the procedure. The procedure your physician actually performs may differ from the initial one planned based upon your medical condition at the time of the procedure. Since we cannot forecast the change, the estimate will be based upon the planned procedure as scheduled by your physician.

You may pay less or more for this procedure or service at another facility or in another health care setting.

Financial Assistance Arrangements

We only schedule procedures at this facility by physicians who are on the medical staff at the facility. If your physician has determined that special financial assistance may be warranted and the physician agrees to those special financial arrangements for his or her services, you may be eligible for special financial assistance at the facility. If your physician or the physician's office staff have agreed to provide special financial assistance to you for a procedure the physician wants to schedule at this facility, please contact us.

We will require you complete an application for financial assistance that provides us information about your income and expenses. This will allow us to access your need and qualifications for special financial assistance. We follow the most recent poverty guidelines set by the U.S. Department of Health and Human Services.

Collections

Prior to your scheduled procedure, we will contact you with the results of the verification of your insurance benefits to advise of your insurance deductible and co-payment amounts that will be due from you prior to your surgery. We expect the amount estimate due to be paid prior to or on the day of your surgery.

If you need special consideration for payment of the amount due, you must contact us prior to the date of the planned procedure so we can evaluate your eligibility.

If we received denial of payment from your insurer or Health Maintenance Organization, we will notify you. If we receive payment from your insurer or HMO that is less than projected, we will notify you of additional payment due. Payment will be expected within 15 days of notification of the balance due.
