Fun at Work Boosts Teamwork and Develops Leaders

Scotlynn USA Division is humbled to receive an award based on the accolades of our employees and excited to be recognized by Florida Trend as one of the Best Places To Work. Scotlynn offers its employees a fun, productive, and enjoyable place to work, but it is the culture, the opportunity, and the people that fuels success at Scotlynn.

When you step into a Scotlynn office, you hear a constant buzz, and that chatter is essential to its success and productivity. Teams communicate in real-time – trainees are learning on-the-job, account managers are teaching from their experience, and leaders are being developed.

A career at Scotlynn is like being a member of a professional sports team. Individuals succeed with hard work, self-discipline, a winning attitude, and by being resilient. But it's the culture, the fierce competition, and the mentorship that encourages employees to be engaged, feel valued and therefore accountable and want to perform at their best.

Scotlynn has grown from 4 to over 350 employees in 12 years - 90% of the management at Scotlynn is promoted from within.
